

After morning classes as usual, this afternoon was host to more sports, with football, volleyball, basketball, and tennis taking place at the college sports field. It has once again been a sporty group! We also held a **History Trivia Quiz**, for the avid quizzers and history buffs of the cohort! This included a range of history questions, modern and ancient, from events all over the world, testing the students' knowledge of the past. The students also had more time to prepare for tonight's **World Fair**, and tomorrow's **Talent Show**, but more on that later!

Today also saw the start of a new batch of **Taster Courses**, where students have the chance to try out something new for a couple days before their return home. These included a wide variety of subjects, including **History and Politics, Study Skills and Cyber Security/ AI**. Students will get to enjoy their second day of tasting tomorrow!

Tonight saw another busy evening, with the students having dinner with their corridor and corridor supervisor, getting **takeaway pizzas, burgers** and more! It was less than two weeks ago the corridors had their first icebreakers, but you would think the students have been friends for years! The **corridor dinner** really highlights how close the students become over the two weeks, and gives everyone a chance to reflect on their time together.

Afterwards, we had the long awaited **World Fair**, where students got the chance to present to the whole cohort about their country and culture! We had presentations on the art and culture of Naples, the immense landscapes of New Zealand, and the beauty of Switzerland. It is always a highlight of the program, celebrating the diversity and global connections that Reach represents!

Come back tomorrow to hear what Thursday has in store, and check out our Instagram story for more daily updates! (@reachcambridge)
