

Hello from Cambridge! Day 8 of our summer program was a perfect blend of learning, adventure, and unexpected thrills. Here's what made today truly special.

The morning buzzed with energy as students dived into their classes, engaging deeply with their subjects. After a hearty lunch, they chose between two fantastic afternoon activities: a **Philosophy & Ethics taster course or punting on the River Cam.**

The Philosophy & Ethics course, led by a brilliant tutor, sparked lively debates on thought-provoking topics. Meanwhile, another group of students enjoyed the quintessential Cambridge experience of punting, gliding along the peaceful Cam under perfect weather. **Some had a go at steering**, while others relaxed, taking in stunning views of colleges and bridges.

In the evening, students attended a captivating lecture on Emotional Intelligence. An expert speaker offered insights and practical tips on managing emotions and enhancing social interactions.

Post-lecture, students chose between a **spooky Ghost Tour and an Olympic screening.** The Ghost Tour, led by a master storyteller, took them through historic streets with eerie tales and chilling legends. For a different adrenaline rush, students gathered in a cozy setting to cheer for their favourite athletes in the Olympic screening.

Our students continue to impress with their enthusiasm and willingness to embrace all that Cambridge offers. **We look forward to more adventures and discoveries in the days ahead.**

Until tomorrow!
