1. In a rapidly changing world, what role can young people play in shaping the future, and what actions can they take to address the most pressing global challenges?
2. How has technology transformed the way we communicate and connect with others? (Hint: Discuss both the positive and negative implications of this transformation)

4. Can absolute freedom exist without boundaries? Discuss the philosophical implications of the balance between personal liberty and societal responsibility, drawing from historical, ethical, and contemporary perspectives.
5. In a world filled with constant information and digital distractions, how can young people cultivate critical thinking skills and media literacy to navigate today's complex information landscape?

To craft a good essay requires careful argumentation, clear structure and originality, so be as **detailed and specific** in your writing as possible. It is this set of characteristics that we will look for when judging applicants' essays. We will also take into account the letter of recommendation supplied by your school and the short video personal statement.

- Stage 3 - [Personal Statement Video](#)
- Stage 4 - [School Transcript](#)
- Stage 5 - [Letter of Recommendation](#) - ***to be completed by your school***
- All stages must be completed in order to be considered for the scholarship.
- Upload your essay as a word document (the word limit is **750 words**). Answer all other questions on the page.
- A letter of recommendation from a member of staff at your school must be uploaded in Stage 5. This should be written on headed paper, and should outline why you are a good candidate for the scholarship: it should tell us what makes you academically excellent, and it must give us some indication of your financial circumstances. For example, if you attend a fee-paying school, the letter **must** specify whether you attend the school on a scholarship, or whether you are full or part fee-paying. It must include contact details for the member of staff so that we can contact them for further information if necessary. This is the only part of the application that should come from your school – the rest needs to be completed by you.
- A short (up to 3 minute long) video should be submitted in form of a YouTube link as your personal statement. It is a chance for you to tell us a bit about yourself, why do you think you are the best scholarship candidate and how would coming to Reach Cambridge affect your life.
- You must complete all forms and sections of the application. Please note that if you do not complete all these sections of your application, we will not consider your application. They should **all** be completed before the deadline.
- Due to the number of applications received, we are unable to notify unsuccessful candidates.
- Shortlisted candidates will be notified by **early December**, and will be invited for an online interview during December.
- If you have any additional questions, please email scholarships@reachcambridge.com.

Please ensure you read the scholarship essay competition terms and conditions before applying. By submitting an application you are agreeing to these terms and conditions.
